TUES., FEBRUARY 7, 2012

Philip Livestock Auction, Philip, SD
Selling 60 Yearling & 2-yr. Old Bulls

Thank You

to our customers in the past year! We look forward to being of service to you again at our annual bull sale in 2012. It's been an exceptional year again for moisture and look forward to a successful Fall marketing season on our commercial calves. The prices look good and cattlemen that bring a high-quality, eye-appealing, scale-pushing set of Char-cross calves to town will be rewarded!

We strive to bring you consistent, docile, easy-calving performance genetics, from our proven herd bull battery. The calves from these bulls look outstanding! We're very proud of how this years' group of calves has developed and also with how the coming 2 year olds are growing out on grass.

Our goal is to help you put more dollars in your pocket by producing more pounds from your cowherd. If you're not already one of our many satisfied customers, come take a look at our program and our bulls this February in Philip. We believe you'll be impressed.

Joel Deering
